# Annual Security Report and Safety Guide 2022/2023

## Introduction

Florida State College at Jacksonville is dedicated to providing a safe working and learning environment for all students, employees and guests. A Campus Security Office is located on each FSCJ campus and center in order to facilitate prompt reporting of crime, emergencies or to assist with any safety and security related matters.

The Department of Public Safety and Security is committed to providing for the safety and security needs of our entire College community. Each of our campuses and centers are essentially a safe environment. However, this does not mean we are immune from crime. It must be understood that each individual should remain alert and assume responsibility for his or her own personal safety and security as well as that of the College community. By learning and practicing basic safety and security precautions, individuals will help make FSCJ a safer place to learn, and work. Personal safety and security is often dependent upon the individual decisions and actions that campus community members make. Students and employees are encouraged to utilize basic crime prevention and safety tips provided by the Campus Security Department (see pages 23 – 24) as well as the Jacksonville Sheriff's Office and Nassau County Sheriff's Office. Utilizing this information in conjunction with safety conscious decision making will help reduce the potential for becoming a victim of crime. Suspicious persons or threatening behavior, acts, individuals or vehicles should be reported immediately to Campus Security, the Jacksonville Sheriff's Office and/or the Nassau County Sheriff's Office.

This report contains important information for all constituents of FSCJ. It meets all compliance standards as established by the federal Student

Right-To-Know and Campus Security Act, which is known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The report reflects recent amendments to the Clery Act to include the Violence Against Women Reauthorization Act (VAWA) as well as additions to the reporting requirement as specified by the Higher Education Opportunity Act. This report is available to all current and prospective students, employees and upon request by the general public. It is available on line, and in the Security Office located on each campus and center. It is provided to any applicant for enrollment or employment and all new students. To access the report on line, visit the FSCJ web page at [fscj.edu](http://fscj.edu), or select the Discover FSCJ tab and then follow the link to Public Safety and Security and select, Annual Security Report. A hard copy can be requested by contacting the Department of Public Safety and Security at 101 W. State Street, Jacksonville, Florida 32202 (904) 357-8889 or any Campus Security Office. This report is designed to acquaint you with all the specific elements of safety and security at the College. We hope it will become a useful tool in your day-to-day life on campus.

## Crime Reporting

All incidents involving a crime or otherwise affecting health, safety, welfare or property occurring on College property or on public property adjacent to the College should be reported to a College Security Officer or to the Department of Public Safety and Security Office on any campus. Students, faculty, staff and guests are encouraged to report all crimes and public safety related incidents to Campus Security and local law enforcement.

suspicious activity or person observed in the parking lots or loitering around vehicles, inside buildings or about College property should be reported to Campus Security. When reported each incident is documented in a College incident report by College security personnel. Incidents may be reported to any College Security Officer or by calling the number for the appropriate Campus Security Office listed in the College's Emergency Quick Reference Guide, FSCJ SAFE App or listed on the College's Safety Security webpage at [fscj.edu/discover/public-safety-security](http://fscj.edu/discover/public-safety-security). Good faith reports may be made in limited confidence subject to State of Florida public record laws.

In the event of an immediate and life-threatening emergency individuals should first call direct to 911. Blue light emergency phones/call boxes are located in many College parking lots and telephones installed in classrooms and other areas can be used to contact Security. ## **Florida State College at Jacksonville Department of Public Safety and Security**

The College maintains a full-time staff of trained Security Officers with offices established at each campus. Each campus has a Commanding Officer and staff of officers who report to the Department Director. These College Security Officers are responsible for all safety and security efforts at each of the five campuses and two Centers located in Jacksonville and Nassau County.

The College's Security Department employs both armed and unarmed personnel. These officers do not have police powers; however, they work closely with local law enforcement agencies on initial investigations, follow up actions or investigations related to criminal activities on campuses. Most reports of criminal offenses, including all major criminal offenses, are reported to law enforcement. To ensure full coverage for security at required times, the College augments its Security Officer presence with contract security officers. The College uses a variety of communication and other electronic devices to maximize the effectiveness of its security department.

## **Fraternalities and Other Off-Campus Student Organizations**

The College has no recognized fraternities or other off-campus student organizations; therefore no records are maintained on liquor, drugs or weapons violations by students associated with such organizations.

## **Security, Access, and Maintenance of Facilities**

During business hours, the College will be open to students, parents, employees, contractors, guests and invitees. During non-business hours access to College buildings is by key, issued to authorized persons, or by admittance by Campus Security. Only those persons conducting legitimate College business will be allowed access to buildings during non-business hours. It should be noted that some buildings' business hours may vary, such as physical fitness areas, libraries, theaters and sports venues. Students and employees on College facilities should be aware that Campus property is generally open to surrounding public property, and the public, whether or not authorized by the College, generally has unimpeded physical access to College grounds.

The Security Department maintains a regular inspection of campus lighting. Personnel perform routine checks for safety hazards and ensure the proper functioning of the emergency phones. Discrepancies are reported to the Facilities Maintenance Department and are monitored for repairs or other corrective action.

The College strongly recommends that all persons maintain insurance coverage for all items of personal property. Students and employees are advised against keeping large sums of money or other valuables in their rooms, offices, storage areas or automobiles. Stolen and/or damaged property should be reported to your insurance carrier for claims processing information and if warranted, to local law enforcement authorities. The College assumes no responsibility for items lost or stolen from rooms, offices, vehicles, storage areas or other areas on campus.

## **Geographic locations for which the College is required to report crime statistics and issue timely warnings under the Clery Act.**

The College is required to report crime statistics for Clery-designated crimes and to issue timely warnings for those crimes that represent a severe and continuing threat in the following geographic locations: on campus, public property and non-campus buildings and property.

### **On campus:**

Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls;  
And

Any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as food or other retail vendor).

**Public property:**

The term "public property" means all public property that is within the same reasonably contiguous geographic area of the institution, such as a sidewalk, a street, other thoroughfare, or parking facility, and is adjacent to a facility owned or controlled by the institution if the facility is used by the institution in direct support of, or in a manner related to the institution's educational purposes.

For the College, streets, alleys, sidewalks, and parks that are adjacent to campus or that bisect campus, would be included as public property.

**Geographic locations for which the College is not required to report crime statistics or issue timely warnings.**

The College is not required to report crime statistics or issue timely warnings for Clery-designated crimes that occur off campus, with the exception of those crimes committed on public property or in (on) non-campus buildings or property, as defined and described above.

However, the College recognizes that in certain cases timely warnings, even if not required by the Clery Act, may benefit the campus community. The following criteria must be met

for the College to issue a timely warning for an off-campus crime that does not require a timely warning under the Clery Act:

1. The crime is a murder, rape, or other serious and violent assault, or the Jacksonville Sheriff's Office or Nassau County Sheriff's Office requests that the College issue a timely warning. The College, upon being notified of a serious crime such as described above may choose to alert its campus community regardless of such request from a law enforcement agency;
2. The crime occurred in a geographic area frequented by college students; or
3. The crime represents a continuous threat to the College campus community.

## **Policy Statement/Hate Crimes**

Florida State College at Jacksonville strives to establish and maintain a work and academic environment in which the dignity and worth of all members of the College community is respected. The College is a diverse community comprised of individuals of many different cultures, ethnicity, religions, and belief systems. The Student Handbook states, "Florida State College at Jacksonville is dedicated to maintaining an environment that fosters student success. The College endeavors to protect the rights of students and also expects all students to act responsibly.

Attendance at the College is a privilege, and in order to maintain the College ideals of scholarship, character, and personality, the right is reserved by the College to establish rules and regulations to foster these ideals and protect the interest of the College. Each student and employee is subject to federal and state laws, respective county and municipal ordinances, and all rules and regulations of the College.

Violations of published laws, ordinances, or rules and regulations may subject the violator to appropriate disciplinary action by College authorities." The same is expected of every member of our campus community. To act otherwise is unacceptable.

A Hate Crime is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. Under the Clery Act, the following eight categories of bias are reported: Race, Religion, Sexual Orientation, gender (based upon actual or perceived gender), gender identity (Actual or perceived), Ethnicity, National Origin, or Disability.

For purposes of the Clery Act, Hate Crimes include any of the following offenses that are motivated by bias: Murder, Sexual Assault, Robbery, Aggravated Assault, Burglary, Motor Vehicle Theft, Arson, Larceny-Theft, Simple Assault, Intimidation, and Destruction of Property.

The Violence Against Women Act of 2013, also requires that criminal acts of Domestic Violence, Sexual Violence, and Stalking also be reported as a hate crime and will be reflected as such in this report.

## **Violence Against Women Act (VAWA)**

In 2013 the Violence Against Women Reauthorization Act amended the Jeanne Clery Act to afford additional rights to campus victims of sexual assault, domestic violence, dating violence, and stalking. Crime data with regards to these offenses must be maintained and reported in the Annual Security Report and to the Department of Education in conjunction with the previously mentioned Clery designated crimes.

Under the provisions of Florida State Law the aforementioned offenses are defined as:

**Domestic Violence** (Florida State Statute 741.28) means any assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, false imprisonment, or any criminal offense resulting in physical injury or death of one family or household member by another family or household member. Family or household member means spouses, former spouses, persons related by blood or marriage, persons who are presently residing together as if a family or who have resided together in the past as if a family, and persons who are parents of a child in common regardless of whether they have been married. With the exception of persons who have a child in common, the family or household members must be currently residing together or have in the past resided together in the same single dwelling unit. Domestic Violence includes;

- a. **Physical Abuse** – Pushing, slapping, kicking, choking and beating
- b. **Emotional/Verbal Abuse** – verbal intimidation, credible threats, following and stalking, acting out in anger and
- c. **Sexual Abuse or Battery** – Any unwanted touching or forcing of someone to engage in a sexual act against his or her will.

**Definitions as contained in Florida State Statue 794.11 as it pertains to Sexual Battery are listed below.**

**“Consent”** means intelligent, knowing, and voluntary consent and does not include coerced submission. “Consent” shall not be deemed or construed to mean the failure by the alleged victim to offer physical resistance to the offender. (See page 26 for additional information regarding consent).

**“Mentally defective”** means a mental disease or defect which renders a person temporarily or permanently incapable of appraising the nature of his or her conduct.

**“Mentally incapacitated”** means temporarily incapable of appraising or controlling a person’s own conduct due to the influence of a narcotic, anesthetic, or intoxicating substance administered without his or her consent or due to any other act committed upon that person without his or her consent.

**“Offender”** means a person accused of a sexual offense in violation of a provision of this chapter.

**“Physically helpless”** means unconscious, asleep, or for any other reason physically unable to communicate unwillingness to an act.

**“Retaliation”** includes, but is not limited to, threats of future physical punishment, kidnapping, false imprisonment or forcible confinement, or extortion.

**“Serious personal injury”** means great bodily harm or pain, permanent disability, or permanent disfigurement.

**“Sexual Battery”** means oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object.

**“Victim”** means a person who has been the object of a sexual offense.

**“Physically incapacitated”** means bodily impaired or handicapped and substantially limited in ability to resist or flee.

**NOTE: Consent** (defined above) must be voluntary and informed. This means the person being acted upon knows what is happening and both parties have input and both want to participate in a given sexual act. Communication is important. Consent cannot be implied. The absence of a “no” does not imply consent, nor does a previous sexual relationship. A person who is mentally or physically incapacitated by drugs or alcohol cannot give consent. Effective consent may not be given by minors.

**Remember: You Always Have the Right to Say “NO” Even if;**

- You have been drinking or used another intoxicant
- You’re wearing sexy clothes

- You have been flirting
- You have been “making-out”
- You have had a previous sexual relationship with the person
- You said “yes” then changed your mind
- “NO” means “NO” no matter what
- The absence of a “no” does not imply consent

1. **Sexual Violence** (F.S.S. 784.046) sexual violence is one incident of;
  - a. **Sexual Battery** as defined in chapter 794 (described above),
  - b. **A lewd or lascivious act** as defined in chapter 800 (Florida State Statutes), committed upon or in the presence of a person younger than 16 years of age,
  - c. **Luring or enticing a child**, as described in chapter 787 (F.S.S.), or
  - d. **Sexual performance by a child** as described in chapter 827 (F.S.S.).

2. **Dating Violence** – Dating Violence under the Clery Act is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based upon the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

For purposes of this definition: (1) Dating violence includes but is not limited to, sexual or physical abuse or the threat of such abuse; and (2) Dating violence does not include acts covered under the definition of domestic violence.

**Florida State Statute (F.S.S. 784.046): Dating Violence** is violence between individuals who have or have had a continuing and significant relationship of a romantic or intimate nature. The existence of such a relationship shall be determined based on the consideration of the following factors;

- a. A dating relationship must have existed within the past 6 months,
- b. The nature of the relationship must have been characterized by the expectation of affection or sexual involvement between the parties,
- c. The frequency and type of interaction between the persons involved in the relationship must have included that the persons have been involved over time and on a continuous basis during the course of the relationship, and
- d. The term does not include violence in a casual acquaintanceship or violence between individuals who only have engaged in ordinary fraternization in a business or social context.

4. **Stalking** – According to the Clery Act, stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (1) Fear for the person’s safety or the safety of others; or (2) Suffer substantial emotional distress.

For the purpose of the definition above:

**Course of conduct** means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.

**Reasonable person** means a reasonable person under similar circumstances and with similar identities to the victim.

**Substantial emotional distress** means significant mental suffering or anguish that may, but does not necessarily require medical or other professional treatment or counseling.

**Florida State Statute (F.S.S. 784.048): Stalking** occurs when a person willfully, maliciously, and repeatedly follows, harass, or cyber stalks another person. Aggravated stalking occurs when a person makes a credible threat to that person through stalking.

## How to be an Active By-Stander

Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”

We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. Individuals may not always know what to do even if they want to help. The following is a list of suggestions for how to be an active bystander.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok;
2. Confront people who seclude, “hit on,” “try to make out” with, or have sex with people who are incapacitated;
3. Speak up when someone discusses plans to take sexual advantage of another person;
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking;
5. Create a distraction. Do what you can to interrupt the situation. A distraction can give the person at risk a chance to get to a safe place;
6. Ask directly. If you see someone who looks uncomfortable or is at risk, intervene and talk to the person who might be in trouble;
7. If you feel safe, find a way to de-escalate the situation and separate all parties involved;
8. Refer to an authority. Keeping your friends safe doesn’t have to fall entirely on you alone;
9. Sometimes the safest way to intervene is to refer to a neutral party with the authority to change the situation, like a College Dean, Security Officer, or other College official;
10. Enlist others. It can be intimidating to approach a situation alone. Enlist another person to support you. There is safety in numbers;
11. If you see someone in danger of being assaulted;
  - a. Step in and offer assistance. Ask if the person needs help. NOTE: Before stepping in, make sure to evaluate the risk. If it means putting yourself in danger, call 911 instead,
  - b. Don’t leave. If you remain at the scene and are a witness, the perpetrator is less likely to do anything, or
  - c. If you know the perpetrator, tell the person you do not approve of their actions. Ask the person to leave the potential victim alone.
12. Be an ally. When you go to a party, go with a group of friends. Arrive together, check in with each other frequently and leave together;
13. Have a buddy system. Don’t be afraid to let a friend know if you are worried about her/his safety. (Taken from Rape, Abuse, & Incest National Network, [rainn.org](http://rainn.org)); AND
14. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

**Note: Florida State Statute regarding duty to report as cited below.**

**794.027 Duty to report sexual battery; penalties.** —A person who observes the commission of the crime of sexual battery and who:

- (1) Has reasonable grounds to believe that he or she has observed the commission of a sexual battery;

- (2) Has the present ability to seek assistance for the victim or victims by immediately reporting such offense to a law enforcement officer;
- (3) Fails to seek such assistance;
- (4) Would not be exposed to any threat of physical violence for seeking such assistance;
- (5) Is not the husband, wife, parent, grandparent, child, grandchild, brother, or sister of the offender or victim, by consanguinity or affinity; and
- (6) Is not the victim of such sexual battery is guilty of a misdemeanor of the first degree, punishable as provided in [s. 775.082](#) or [s. 775.083](#).

## Risk Reduction

With no intention to blame a victim, and with recognition that only those who commit sexual harassment and violence are responsible for those actions, these suggestions may nevertheless help you to reduce your risk of experiencing a non-consensual sexual act.

- 1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
- 2. Try to avoid isolated areas. It is more difficult to get help if no one is around.
- 3. Walk with purpose. Even if you don't know where you are going, act like you do.
- 4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
- 5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
- 6. Make sure your cell phone is with you and charged and that you have cab/ Uber money.
- 7. Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
- 8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
- 9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- 10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact Campus Security and/or law enforcement immediately.
- 11. Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
- 12. Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- 13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
- 14. If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can perform appropriate medical tests.
- 15. If you need to get out of an uncomfortable or scary situation here are some things that you can consider;

- a. Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame,
  - b. Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with,
  - c. Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave, or
  - d. Make up a reason to leave rather than stay and be uncomfortable or scared. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have unimpaired judgment before doing anything you may regret later.

### **Legal Options for Victims**

As a victim you have the right to ask the State Attorney to file a criminal complaint, and you have the right to go to court and file a petition requesting an injunction for protection against domestic violence, repeat violence, dating violence, or stalking.

The remedies through the injunction for protection may include but need not be limited to provisions that:

1. Restrain the abuser from any contact or further acts of abuse;
2. Direct the abuser to leave your household;
3. Prevent the abuser from being within 500 feet of your residence, school, business, or place of employment;
4. Award you custody of your minor children; or
5. Direct the abuser to pay support to you and the minor child or children if the abuser has a legal obligation to do so.

### **Florida State College at Jacksonville Policy Regarding Violence Against Women/Campus SaVE**

Florida State College at Jacksonville is committed to maintaining a safe, secure, learning, and work environment for the entire campus community. This includes providing an environment free from sexual harassment, sexual assault or battery, domestic violence, dating violence, stalking, or any other form of harassment.

In the event any student, employee, staff member, or visitor becomes victim to any of the criminal offenses discussed herein, the incident should immediately be reported to the Jacksonville Sheriff's Office for a sworn law enforcement response (emergency 911, non-emergency (904-630-0500); or if in Nassau County, the Nassau County Sheriff's Office (904-548-4009). In addition to contacting the Sheriff's Office, the Department of Public Safety and Security should also be notified in order to provide an immediate response for victim assistance and investigative processes.

The Jacksonville Sheriff's Office is the sworn law enforcement agency charged with investigating criminal offenses and enforcing the laws in Jacksonville, Duval County, Florida.

In addition, the Nassau County Sheriff's Office is the sworn law enforcement agency charged with investigating criminal offenses and enforcing the laws in Nassau County where our Nassau Center is located.

Officers have received appropriate training for investigation of the offenses discussed in this document and receive retraining at appropriate intervals. Once requested the Sheriff's Office will respond to conduct the investigation, complete the appropriate report and issue the victim a pamphlet titled, Notice of Legal Rights and Remedies for Victims of Domestic Violence, Dating Violence, Repeat Violence, Sexual Violence, and Stalking. In addition to leaving the victim the pamphlet the investigating officer will explain the process for appropriate assistance and follow-up. The College is also able to connect victims with services through the Employee Assistance Program or Student Assistance Program.

## **Victims of Sexual Assault, Sexual Battery, Sexual Violence – Reporting Procedures**

If you are the victim of a sexual assault your first priority is to get to a safe place and obtain necessary medical attention. Florida State College at Jacksonville encourages the reporting of incidents which constitute a violation of law to the police or other appropriate authority.

However, a student has the right to decline to notify law enforcement. College support services are available regardless of whether or not the victim chooses to report the incident to the authorities. A victim of sexual assault or perceived sexual misconduct is strongly encouraged to report the incident to the Dean of Students, any College Official, a member of the Student Support Office staff, the College Equity Officer, Title IX Coordinator, the Student Assistance Program and the Department of Public Safety and Security. The timely reporting of the incident is important for necessary evidence collection and preservation.

Filing a police report does not obligate a victim to cooperate with prosecution. When a person makes the report to the Department of Public Safety and Security, the local law enforcement agency will be contacted. An additional option for pursuing charges is through the College's conduct process.

The following should be considered if a sexual assault occurs: Reporting a sexual assault is important but not required; however, a victim of a sexual assault has several reporting options. When a victim desires to report the incident, he/she may contact a member of the Department of Public Safety and Security, the appropriate local law enforcement agency as denoted in this report (dial 911 on campus for emergencies), a member of the Student Services Office, or any school official.

An additional non-College related reporting option is the **Women's Center of Jacksonville**. The Women's Center of Jacksonville/Rape Recovery Team, 24 hours/day hotline (904) 721-7273. [www.womenscenterofjax.org](http://www.womenscenterofjax.org).

Preservation of evidence is important to a sexual assault case. A victim of a sexual assault is cautioned not to change, remove, or dispose of clothing or disturb anything at the scene until medical care is received and the collection of any evidence is completed.

All formal complaints will be given a full, impartial and timely investigation by the College. The timeframe for an investigation is 60 days; however, the timeframe may be extended for good cause. If extended, written notice of the extension and the reason for the extension will be provided to both the accuser and accused.

The College will make every effort to honor a confidentiality request or a request that an investigation not be conducted; however, in certain circumstances, the College may not be able to honor a confidentiality request. During such investigation, while every effort will be made to protect the privacy rights of all parties, but confidentiality cannot be guaranteed.

A formal report to campus security officials is not required if students seek services at the Student Assistance Program or other resources available within the community.

## Victim's Bill of Rights

In adherence to the Clery Act and FSCJ mandates, victims of sexual assault have the following Bill of Rights. These rights are in conjunction with the Legal Rights and Remedies for Victims of Domestic Violence, Dating Violence, Repeat Violence, Sexual Violence, and Stalking provided by Florida State Statutes discussed earlier and include:

1. You have the right to request that FSCJ provide reasonable accommodations or protective measures, regardless if you choose to report the incident to campus authorities or local law enforcement or file a formal complaint. Reasonable accommodations and protective measures include changes to academic, transportation, and working situations, and no-contact orders. Every effort will be made to reduce the burden on the victim when deciding what accommodations and protective measures are appropriate.
2. You have the right to referrals to counseling, and/or assistance in notifying law enforcement officials;
3. You have the right for the same opportunity as the accused to have an advisor present at a conduct hearing;

Advisors may assist a party with understanding the investigation process and preparing for interviews and meetings; attend interviews and meetings with the party; review any written appeals or other statements prepared by the party; provide emotional support; and otherwise assist and support the party as the party moves through the process. Advisors may not speak on behalf of the party at any interviews or meetings or through any written documents. Advisors should consult with the Title IX coordinator on any questions that arise during the process.

4. You have the right to be notified of the outcome of a hearing, sanctions, and terms of sanctions in place;
5. You have the right to speak or choose not to speak to anyone regarding the outcome;
6. You have the right to have your name and all information related to the alleged offense kept as confidential as is reasonably possible. Absolute confidentiality may not be maintained in all circumstances, especially when the College needs to act to protect the safety of others. However, as a general matter, all persons involved in a complaint of sexual misconduct, sexual assault, relationship violence, or stalking are to respect the privacy of the individuals involved and must keep the matter as confidential as is reasonably possible. This does not prohibit you from disclosing information to persons who need to know it in order to participate in or administer the process, and/or to provide support and assistance to you; and
7. You have the right to amnesty for drug or alcohol use related to the complaint. You will not be subject to disciplinary action under the College's Code of Conduct for your own personal consumption of alcohol or drugs at or near the time of the incident, provided that any such violations did not place the health or safety of any other person at risk.

## **Emergency Notification and Evacuation or Lockdown Procedure**

College APM 06-0910, Emergency Communication and Evacuation, establishes procedures and responsibilities for immediate communication and prompt evacuation or lockdown of College facilities in emergencies, if necessary to ensure the safety and well-being of life and the protection of property. APM 06-0910, can be found on the College's website at [fscj.edu/discover/governance-administration/policies-and-procedures](http://fscj.edu/discover/governance-administration/policies-and-procedures)

### **Definitions**

**Emergency Authority (EA)** – The College President, Vice Presidents, Campus Dean, Director of Campus Operations, or Designee, Director of Security and Chiefs within the Department of Security.

**Campus Emergency Management Team (CEMT)** – Teams comprised of the Campus Dean, the Chief of Security for the campus, Director of Campus Operations, Director of Security (as applicable), Chief Communications Officer, other members of the EA (as denoted above).

### **Evacuation Procedure**

The EA, or designee, shall appoint primary and secondary Building Coordinator's as defined in the College's Comprehensive Emergency Management Plan (CEMP) and campus specific emergency plans to assist with evacuations of facilities for which they are responsible. Campus specific emergency evacuation plans shall include the use of the National Incident Management System (NIMS), Incident Command model. Designated Building Coordinators and other appropriate staff will be provided a copy and shall familiarize themselves with the campus plan.

The Director of Security, or designee, in conjunction with EA's for each campus shall ensure faculty and staff receive appropriate training regarding evacuation plans and designated staging areas related to evacuation procedures. Emergency plans will be reviewed at least annually by the Director of Security and revised as needed. Evacuations may become necessary in the event of the following:

1. Fires,
2. Bomb threats,
3. Natural and man-made disasters, riots,
4. Hostile intruder/active assailant,
5. Substantiated terrorist threat, or
6. Hazardous material incidents.

Should an emergency evacuation become necessary, Building Coordinators and other employees shall be responsible for directing students to the nearest exit and for assisting disabled individuals out of a building or to a designated area of rescue assistance. In case of fire, elevators will not be used.

Everyone, with the exception of security and designated Building Coordinators, will evacuate the building and proceed to a designated staging area.

### **Lockdown**

The lockdown procedure will be initiated in the event of community police activity or other potential threat to the safety of employees, students, or the public near to a campus or in a specific campus building or in the event of a hostile intruder(s)/active assailant incident.

A hostile intruder is a person identified with deadly weapons and uncontrolled behavior. In the event of a hostile intruder, personnel should follow the instructions of law enforcement, campus security, or as provided by the EA through campus emergency notification systems.

### **Securing the College**

In the event of a potentially dangerous incident or threat, personnel shall follow the instructions of law enforcement, campus security, the EA, or designee, through campus emergency notification systems.

In the event emergency procedures are initiated due to an active assailant, individuals should consider all possible options available to them at the time in order to prevent injury and preserve life. Options to consider as provided by the A.L.I.C.E. Training Institute, which is an expansion of the **RUN, HIDE, FIGHT** concept include:

**Alert** – An initial alert to someone that trouble exists might be the sound of gunfire or other disturbance. If in a position to do so, alerting the campus community (e.g., text messaging, use of the College's emergency notification system (ENS), phones, FSCJ SAFE, Mobile Safety App or other means) may have an impact on the intruder's actions and provide an opportunity to warn others, potentially saving lives. The goal is to empower as many individuals as possible with the ability to make an informed decision as to their best option to maximize chances of survival;

**Lockdown** – If evacuation is not a safe option, close, lock and barricade entry points in the office or classroom then take cover behind heavy objects if available. When taking cover, attempt to locate a safe space within the room that is out of the line of sight from door openings and windows. Phones should be placed in silent mode. Prepare to evacuate or counter as defined below, if needed;

**Inform** – Inform is a continuation of alert. If safe to do so, communicate real-time information on the intruder's location. Use clear and direct language utilizing any available means of communication without placing anyone in danger (e.g., P.A. systems, texting, 911 calls or other

means). This keeps the campus community and emergency responders informed and can keep the intruder off balance, allowing others to evacuate or take other appropriate action;

**Counter** – As a last resort, in the event a violent intruder enters your lockdown area survival decisions for action should be taken. The College does not endorse confronting an active shooter. Counter focuses on disruptive actions that create noise, movement, distance and distraction with the intent of reducing the shooter’s ability to shoot accurately. Creating a dynamic environment decreases the shooter’s chances of hitting a target and can provide time needed to evacuate. Move toward exits while making noise and throwing objects at the shooter. This can interrupt the skill set needed to shoot accurately. Adults may even consider swarming the shooter while making noise and throwing objects in order to gain control of the situation; or

**Evacuate** – Run from danger when it is safe to do so using non-traditional exits if necessary. If timely information has been disseminated and individuals are in an area the intruder/shooter is not, evacuating to a safe location is always an option. Staging areas should be predetermined.

**NOTE:** The options discussed above are not sequential but rather illustrate alternative courses of action to take in the event of an active shooter incident.

## Emergency Notification

The Director of Security shall notify the College President of emergency situations and ensure each campus and center is equipped with the technical means and established procedures to:

1. Immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus, unless issuing a notification will compromise efforts to contain the emergency;
2. Publicize emergency response, securing the facilities and evacuation procedures on an annual basis in a manner designed to reach students and employees; and
3. Test and document emergency response, inclusive of the ENS and evacuation procedures on an annual basis.

Depending on the nature of the emergency, the Director of Security, or designee, will collaborate with the CEMT or other College officials as appropriate prior to issuance of a notification.

## Campus or Center Procedures

Upon a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on College property, the Director of Security, or designee, shall determine the segment or segments of the college community to receive a notification, determine the content of the notification and initiate the notification system.

The Director of Security, or designee, in conjunction with the Chief Communications Officer, Security Chief, Campus Dean and DCO will, without delay, and taking into account the safety of the college community, determine the content of the notification and initiate the system. If issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to constrain, respond to, or otherwise mitigate the emergency other

appropriate actions shall be taken, including issuing an immediate emergency message.

All technical means installed at a facility shall be incorporated into College/Campus plans and procedures and if appropriate, to create substantial redundancy and maximum penetration of immediate emergency communications. Such means may include Voice over Internet Protocol phones (VOIP phones), the FSCJSAFE (mobile safety app) the College's ENS, fire system speakers and displays, public announcement systems, campus television and digital displays and verbal direction by security officers, Building Coordinators and other employees. All or part of the College ENS may be used for the following emergency purposes:

1. Evacuations,
2. Hostile intruder/active assailant,
3. Terrorist attack,
4. Substantiated terrorist threat,
5. Riot,
6. Sudden natural or man-made disaster, or
7. College closing due to hurricane or other types of inclement weather.

The Director of Security, or designee, shall ensure an annual test is conducted on each campus for each component of the emergency communication system. The tests shall be conducted during the Fall Term and occur no later than October 31. The tests may be announced or unannounced. The Director of Security, or designee, will document a description of each campus system test to include the following: the date, the time, and whether the test was announced or unannounced.

This documentation shall be maintained by the Director of Security who will make it available upon request to the U.S. Department of Education.

Faculty may restrict the use of cell phones in their class; however, they shall in the event of an emergency, allow the use of cell phones or

other available technology in order to ensure that a method of receiving emergency notifications is available.

## **Responsibility and Use of the Emergency Mass Notification System**

An EA, Director of Security, or designee, has the authority and ability to send an immediate notification as necessary using a variety of systems.

VOIP Phones - The College utilizes the VOIP as an effective means for immediate notification on its campuses and centers. It is the College's intent that all campuses and centers work toward maximum possible penetration of this capability in its classrooms, offices and other areas where people congregate or meet.

The Director of Security, or designee, College President or EA's shall authorize transmission of campus-wide messages using the VOIP phones. Public address and fire alarm announcement systems may be used to augment VOIP notifications where the capability exists.

Emergency Mass Notification System - The College's secondary means for emergency immediate notification is to deliver mass notification using the College's EMNS for text- messages, e-mails, computer desktop alerts and voice messaging.

The Director of Security, Security Chiefs or Chief Communications Officer shall have the authority to use this system to draft and transmit emergency mass notifications Collegewide or to use the College's EMNS to communicate with those who have enrolled to receive notifications for their campus or center.

Individuals shall be given the option to receive EMNS text-messages, e-mails, voices messages or all. All students and employees who have been assigned a College email address shall be enrolled to receive e-mail notifications and are strongly encouraged to enroll for all forms of emergency notification messaging. A link has been established in the College's PeopleSoft/ERP portal to the vendor's ENS website for enrollment. Student enrollment shall be for one year, unless an individual opts out earlier.

Individuals shall have the opportunity to select preferred EMNS group(s) upon initial enrollment or to change their group enrollments at any time. If no specific group(s) is selected the enrollees will be placed in the Collegewide notification group and will receive only Collegewide notifications. Individuals are encouraged to be specific with their group selections. All enrollees shall receive Collegewide notifications.

The Chief of Security for Downtown Campus, or designee, shall coordinate with the Associate Vice President of Student Support and the Vision Education and Rehabilitation Center (VERC), to train and authorize individuals to create and maintain a special EMNS group in each designated facility for visually impaired students and employees that enroll in the voice notification option available in the EMNS or similar system.

The College offers a mobile safety app (**FSCJSAFE**) which can be downloaded free of charge from the cell phone subscriber app store (Apple or Android/Google). The mobile safety app has, among its many features, the capability for the College to send emergency notification messages and is a component of the EMNS.

## **Crime Prevention Programs and Safety Tips**

The College employs a variety of technologies and processes to deter crime on its campuses. In addition to the presence and patrol of security officers, the College uses surveillance cameras in many areas of its facilities, has different means of contacting security (e.g., emergency blue light phones, FSCSAFE, Mobile Safety App), and installs fencing and landscaping in a manner that considers crime deterrence. Each campus

implements efforts to educate students regarding crime prevention, such as awareness training during orientation.

The actions taken by each member of the College community to increase security can prevent a crime from taking place on our campuses. By following the guidelines listed below you can have an impact on your own personal safety, the safety of others, as well as the overall safety of our institution.

12. Never leave your purse, wallet, money, or other valuables in an unsecured office, desk drawer, classroom, gym locker, etc.
13. Keep a log of all valuables along with pictures and serial numbers of the items. Consider emailing a photograph of your valuables as well as copies of your important documents to your personal email account to maintain a record of them.
14. Never walk alone especially in dark or less populated areas. Call Campus Security for a safety escort to and from parking areas.
15. Do not offer a ride to individuals you don't know.
16. Never ride with a stranger.

### **On the Street:**

1. Be alert, constantly looking around as you walk.

2. Be aware of other people on the street, avoiding distracting behaviors such as texting, talking on the phone, or listening to an audio device with a headset. Make it difficult for anyone to surprise you.
3. Do not read while walking or standing on a sidewalk.
4. When walking to your car, residence, office or other building carry your keys in hand as a defense weapon.
5. Do not walk alone. Always walk with a friend.
6. Stay on well-lighted streets and sidewalks.
7. When walking, walk in the middle of the sidewalk and walk facing on-coming traffic.
8. If you think you are being followed, look behind you and cross the street. Go to a populated area and call the police.
9. If a car is following you, do not walk toward the vehicle. Change direction and head for a store or another high traffic area. If possible, get a description of the vehicle and occupants for the police.
10. Avoid being on the street alone if you are upset or under the influence of alcohol or drugs.

#### **In Your Car:**

1. Park only in designated parking lots and spaces.
2. Have your keys ready when you approach your vehicle.
3. Keep your car in good working order and the gas tank at least half full.
4. When you approach your vehicle, visually check the area around the vehicle for any suspicious person or activity. If you observe anything suspicious walk to where there are people and call police.
5. If you have a vehicle problem while on campus, contact Campus Security. Be suspicious of anyone who seems to instantly appear to offer help. Criminals often disable cars as a means of approaching the victim.
6. If someone approaches your vehicle and attempts to enter, blow your horn to attract attention and drive away.
7. Check the back seat before you enter your car.
8. Lock all doors while parking or driving.
9. Do not leave your keys in the ignition with the

engine running, even if just for a second.

10. If you are being followed, drive to a police station, sub-station or a crowded parking lot and attract someone's attention. Do not drive home where someone can learn your address.
11. Do not stop for stranded motorists. You will be more help if you call the police for them.

#### **In Elevators:**

1. If you do not feel comfortable getting into an elevator, use the stairs or call Campus Security for assistance. When using the elevator, if a stranger or a person that makes you feel uncomfortable enters, stand near the controls and sound the emergency alarm should you feel threatened.
2. Avoid entering an elevator which is occupied by only one other person who makes you feel uncomfortable or suspicious.

#### **On a Bus:**

1. Always meet busses at well-lighted bus stops.
2. Sit near the driver if you are alone and do not hesitate to inform him/her if someone is bothering you.
3. Never get off a bus in an isolated area.
4. Always be alert as to who gets off the bus with you.

## **Social Media Safety**

Remember, social media is essentially a worldwide public resource and record. Consider the following when using social media sites:

1. Consider the image of you that your posts create. What would a prospective employer think of you? A lot of employers utilize social media in candidate recruitment.
2. Don't expect privacy on line. Content can be shared by people who have access to your information, photos and posts.
3. Private groups may not be as private as you think. Even when you try to keep your photos, tweets, comments, videos, etc. between you and your friends, other people can and will find them.
4. Make it difficult for people to steal your information by creating complex passwords. You should also adjust your privacy settings on social media so that only people you know or want to share information with are

- allowed to view your content.
5. Remember, lying is a whole lot easier online. Beware of accounts posing as people they are not. Be very careful of strangers.
  6. You should know that your behavior on line defines you. Don't troll. Don't lose an opportunity because of how you've portrayed yourself and others. Be aware that there may be legal ramifications for your actions (e.g., harassing, bullying or defaming people) online.
  7. Once it's on the internet, it will always be there. Anything you upload or post on the web will be there forever in some form or another. There are means available for others that allow users to see and navigate what a site looked like at points in the past. Think twice about what you are about to post or upload.
  8. Refrain from announcing on social media that you are going on vacation or out at a certain location. Letting the world know that you are away from home or even staying home alone may be an invitation for someone to burglarize your home, steal your property or commit other criminal acts.

## **Sexual Misconduct/Relationship Violence Policy and Procedures (TITLE IX) APM 11-0801 AND 11-0802**

### **Purpose**

The purpose of this procedure is to provide Florida State College at Jacksonville (FSCJ) with a clearly articulated set of behavioral standards, common understandings of definitions and key concepts and descriptions of prohibited sexual or general related misconduct. The procedure applies to all College community members, including students, faculty and staff. Any student or employee found in violation of this policy shall be subject to appropriate disciplinary action, including and up to suspension or dismissal from the College.

### **Statement of Values**

A. FSCJ is committed to fostering an environment that is free from all forms of harassment and misconduct, including sexual assault and sexual harassment. In support of

that commitment, the College will actively promote steps to increase awareness of such misconduct, eliminate its occurrence on campus, provide support for survivors, diligently investigate all reports of sexual misconduct and deal fairly and firmly with offenders. Creating a safe campus environment and a culture of respect is the shared responsibility of all members of the College community, individually and collectively.

B. The College complies with all state and federal discrimination laws, including Title IX of the Higher Education Amendments of 1972, the federal law that prohibits discrimination on the basis of sex in education programs and activities, including discrimination based on gender identity or nonconformity with sex stereotypes. Toward this end, the College will actively promote prevention efforts, educate the College community, respond to all reports promptly, provide interim protective measures to address safety and emotional well-being and act in a manner that treats all parties fairly and recognizes the inherent dignity of the individuals involved.

C. This procedure shall apply to all employees and students of the College. Vendors and others who conduct business with the College or on College property are also expected to comply with this procedure. The Policy applies regardless of a person's race, disability, ethnicity, national origin, religion, sex, gender, gender identity/expression, sexual orientation/expression, marital status, veteran status, pregnancy, genetic information or other protected status.

D. This Policy applies both to on-campus and off-campus conduct if:

1. the conduct was in connection with a College or College-recognized program or activity, or
2. the conduct may have the effect of creating a hostile environment for a member of the College community.

Examples of covered off-campus conduct include conduct that occurs at College-sponsored events and activities, during study abroad, in internship programs or clinical experiences.

E. As described in more detail below, in this procedure “sexual misconduct” is intended to refer to a broad range of conduct focused on sex and/or gender that may or may not be sexual in nature. Sexual harassment, sexual assault, sexual exploitation, stalking and relationship violence (including dating and domestic violence) are all forms of sexual misconduct prohibited by law.

## Definitions

A. **“Sexual misconduct”** is a broad, non-legal term that encompasses a wide range of behaviors, including but not limited to, sexual assault, rape, stalking, sexual exploitation, and relationship violence (including dating and domestic violence). It is a violation of College policy as well as applicable law to commit or to attempt to commit these acts.

1. Sexual misconduct can occur between strangers or acquaintances, or people who know each other well, including between people who are or have been involved in an intimate or sexual relationship. It can be committed by and experienced by anyone, regardless of gender or gender identity, and can occur between people of the same or different sex or gender.

B. **“Sexual Assault”** (including Rape) is actual or attempted sexual contact with another person without that person’s consent. Sexual assault includes, but is not limited to:

1. Intentional touching of another person’s intimate parts without that person’s consent; or
2. Other intentional sexual contact with another person without that person’s consent; or
3. Coercing or forcing, or attempting to coerce or force, or threatening to coerce or force a person to touch another person’s intimate parts without that person’s consent; or

C. **“Sexual Harassment”** is the unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when:

2. Submission to or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting that individual; or
3. Such conduct is so pervasive or severe that it has the purpose or effect of unreasonably interfering with an individual’s work or academic performance or limiting participation in College programs by creating an intimidating, hostile, or offensive working or educational environment;
4. Sexual harassment does not include verbal expression or written material that is relevant and appropriately related to the subject matter of a course/curriculum or to an employee’s duties. This procedure is not intended to abridge academic freedom of the College’s educational mission.

D. **“Consent”** is an understandable exchange of affirmative words or actions, which indicate a willingness to participate in mutually agreed upon sexual activity. Consent must be informed, freely and actively given. Consent is not obtained if:

1. There is a lack of a negative response, lack of protest or lack of resistance;
2. There is silence;
3. There is physical force, threats, intimidation or coercion;
4. There is incapacitation due to drugs and/or alcohol (consumed voluntarily or involuntarily);

2. A current or former spouse or intimate partner of the victim;
3. A person with whom the victim shares a child in common;

F. **“Stalking”** is engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

1. Feel fear for the person’s safety or the safety of others; or
2. Suffer substantial emotional distress.

Stalking may involve individuals who are known to one another, who have a current or previous relationship or who are strangers. Stalking can include electronic forms of communication, including texting or social media.

G. **“Sexual Exploitation”** is taking sexual advantage of another person without that

individual’s consent or in a manner that extends the bounds of consensual sexual activity without the knowledge of the other individual for any purpose, including sexual gratification, financial gain or other personal benefit. Sexual exploitation includes, but is not limited to, the following actions (including when they are done via electronic means, methods or devices):

1. Observing another individual’s nudity or sexual activity or allowing another to observe consensual sexual activity without the knowledge and consent of all parties involved;
2. Non-consensual streaming of images, photography, video or audio recording of sexual activity or nudity, or distribution of such without the knowledge and consent of all parties involved;
3. Causing the incapacitation of another person (through alcohol, drugs or any other means) for the purpose of compromising that person’s ability to consent to sexual activity;
4. Prostituting another individual;
5. Exposing one’s genitals in non-consensual circumstances; or

J. **“Responding Party”** is an individual who is alleged to have violated the College policy on gender discrimination, sexual harassment, sexual misconduct, sexual assault, sexual exploitation or

retaliation and who is named in a report alleging violation.

K. **“Responsible Employees”** are those College employees with administrative or supervisory responsibilities or who have been designated as Campus Security Authorities. A Responsible Employee has the authority to address sexual misconduct and has the duty to report incidents of sexual misconduct, or who a member of the College community could reasonably believe has such authority or duty. Because the College has an obligation to make reasonable efforts to investigate and address instances of known or suspected sexual misconduct, Responsible Employees and Campus Security Authorities who have information or receive a report of sexual misconduct, must immediately share with the Title IX Coordinator (hereafter “Coordinator”) or a Deputy Title IX Coordinator all known details of an incident.

1. The College’s Responsible Employees include, but are not limited to, the following employees or categories of employees:

- a. All Senior leadership (e.g., College President, Vice Presidents, Associate Vice Presidents and Assistants to the President;

c. Campus Security Officers and others who have responsibilities for campus security.

## Procedure

### A. Reporting Sexual Misconduct

1. The College encourages all individuals to seek assistance from a medical provider and/or law enforcement immediately after an incident of sexual misconduct. This is the best option to ensure preservation of evidence and to begin a timely investigative and remedial response. The College will assist any College community member to get to a safe place and will provide transportation to the hospital, coordination with law enforcement, and information about the College and community resources and the College’s complaint processes.

2. To enable the College to respond to all reports in a prompt and equitable manner, the College encourages individuals to report incidents of sexual misconduct as follows:

- a. Tell a Responsible Employee on the College campus that you attend or in the program that you are enrolled.
- b. Contact the Coordinator or a Deputy Title IX Coordinator:

c. Report online or by phone using the College's  
Ethics and Equity Hotline

Online: Ethics Point

Phone: 1-877-578-6801 (confidential)

d. All employees, faculty and staff, must promptly report incidents of sexual misconduct of a student or employee to the College's Coordinator, a Deputy Title IX Coordinator, a Responsible Employee or a Campus Security Authority.

## **B. Anonymity and Privacy**

1. Before a Reporting Party reveals information that he or she may wish to keep confidential, a responsible Employee should make every effort to ensure that the Reporting Party understands:

a. the employee's obligation to report the names of the parties involved in the alleged sexual violence, as well as relevant facts regarding the alleged incident (including the date, time and location), to the Coordinator or other appropriate school officials,

b. the Reporting Party's option to request that the school maintain his or her confidentiality, which the school (e.g., Coordinator) will consider, and

c. the Reporting Party's ability to share the information confidentially with the College's Student Assistance Program: 24-hour helpline (855) 384-1800; counseling, advocacy, health, mental health or other domestic violence/sexual assault-related resources located off-campus.

2. Where a Reporting Party makes a report but requests that a name or other identifiable information not be shared with the Responding Party or that no formal action be taken, the College's Coordinator

will make every effort to respect this request in the context of the school's responsibility to provide a safe and nondiscriminatory environment for all students.

3. The Coordinator will take reasonable steps to investigate and respond to the report alleging violation consistent with a request for anonymity or request not to pursue an investigation, but its ability to do so may be limited based on the nature of the request by the Reporting Party. The Coordinator will assess any barriers to proceeding, including retaliation, and will inform the Reporting Party that Title IX prohibits retaliation and the College will take strong responsive action to protect the Reporting Party. Where the College is unable to take action consistent with the request of the Reporting Party, the Coordinator will communicate with the Reporting Party about the College's chosen course of action, which may include the College's choosing to pursue action against a Responding Party on its own behalf. Alternatively, the College may take non-disciplinary measures to remedy and limit the effects of the misconduct and prevent any recurrence while protecting the identity of the Reporting Party, as specified below under Interim Protective Measures. Every effort will be made to respect and safeguard the privacy interests of all individuals involved in a manner consistent with the need for a careful assessment of the report and any necessary steps to eliminate the conduct, prevent its recurrence and address its effects. Privacy and confidentiality have distinct meanings under this Policy.

## **C. Interim Protective Measures**

1. When a report of sexual misconduct is received, the Coordinator will impose reasonable and appropriate measures to protect the safety of the parties or witnesses involved. Interim Protective Measures are temporary actions taken by the College to ensure equal access to its education programs and activities and to foster a stable and safe environment during the process of reporting, investigation and/or resolution. As determined to be appropriate in the sole discretion of the College, Interim Protective Measures may be applied at any time—for the Reporting Party, the Responding Party, and other

involved individuals as appropriate to ensure their safety and well-being. Interim Protective Measures may be requested by the parties or imposed by the College at any time, regardless of whether any particular course of action is sought by the Reporting Party. Interim measures will be kept private to the extent practical.

2. Interim Protective Measures are initiated based on information gathered during a report and generally are not intended to be permanent resolutions; hence, they may be amended, withdrawn or made permanent. The Coordinator, in consultation with other administrators, will maintain consistent contact with the parties so that safety, emotional and physical well-being concerns can be reasonably addressed.

#### **D. Confidentiality**

1. The confidentiality and privacy of all parties involved during the investigative process will be maintained to the fullest extent possible.
2. The Coordinator may disclose confidential information to the Reporting Party, the Responding Party, potential witnesses, appropriate supervisors and administrators and other College officials or agents, state and federal agencies and the courts as necessary to:
  - a. Give the Responding Party fair notice of the charges,
  - b. Conduct a prompt, thorough and impartial investigation, and
  - c. Take any appropriate remedial or disciplinary actions.

#### **E. Reporting of Sexual Assault Allegations to Law Enforcement Officials**

1. The College encourages victims of sexual assault to seek all needed medical treatment, counseling and legal advice. In every case involving sexual assault, the Reporting Party will be provided written information about:

- a. The importance of preserving evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order;
- b. How and to whom the alleged offense should be reported;
- c. Options to obtain or enforce a no contact directive or restraining order;
- d. Options to change academic, living, transportation or working situations to avoid a hostile environment;
- e. Options about the involvement of law enforcement and campus authorities, including notification of the Reporting Party's option to:
  - i. Notify proper law enforcement;
  - ii. Be assisted by campus authorities in notifying law enforcement if the victim so chooses; and
  - iii. Decline to notify such authorities (unless the Responding Party is a minor or a member of a vulnerable population).

2. In every case, the College shall assist the Reporting Party in obtaining the intervention services such as counseling, changes to academic schedule or assisting with coordination of services; however, the College shall not report the allegation to the local law enforcement agency against the stated wishes of the victim (unless the Responding Party is a minor or a member of a vulnerable population).
3. With the consent of the victim, the appropriate local law enforcement authority shall be notified immediately of the allegations made in every report of a sexual assault.
4. Regardless of consent and in compliance with section 39.205, Florida Statutes, the College will report to the Department of Children and Families all known or suspected cases of child abuse (including child sexual abuse), child abandonment or child neglect that is committed on College property or at any event or function sponsored by the College.

## **F. College Review and Response to a Report of Sexual Misconduct**

### **1. Role of the Title IX Coordinator (“Coordinator”).**

- a. The Coordinator oversees the College’s centralized review, investigation and resolution procedures for reports of sexual misconduct and coordinates the College’s compliance with Title IX. The Coordinator is supported by a team of College personnel who serve as Deputy Title IX Coordinators. Each Deputy Title IX Coordinator is knowledgeable and trained in state and federal laws that apply to matters of sexual misconduct, as well as this Policy and the complaint resolution procedures.
- b. The Coordinator and Deputy Title IX Coordinators can provide information related to campus and community resources and describe the options available to address concerns related to sexual misconduct.
- c. The duties and responsibilities of the Coordinator also includes training, education, climate assessments and the oversight of procedures that are designed to promptly and equitably end sexual misconduct, prevent its recurrence and address its effect on persons and the College community as a whole. The Coordinator, with the assistance of Deputy Title IX Coordinators as appropriate, will:
  - i. Oversee the investigation and resolution of all reports of sexual misconduct;
  - ii. Ensure prompt and equitable resolutions that comply with all requirements and timeframes specified in the College’s complaint procedures;
  - iii. Conduct climate checks to track and monitor sexual misconduct allegations on campus; and,
  - iv. Coordinate training, education and prevention efforts.
- d. The Coordinator or appropriate Deputy Title IX Coordinator will meet with any person, including a Reporting Party, Responding Party or third party to discuss interim measures, resources and procedural options for on- campus and off-campus reporting.

Any student, faculty or staff member who has concerns about sexual misconduct, including sexual assault, discrimination or harassment is encouraged to seek the assistance of the Coordinator or any of the Deputy Title IX Coordinators.

### **2. Procedures for Responding to a Report of Sexual Misconduct.**

- a. Complaints against Responding Parties will be referred to and resolved by the College Administrative Procedure for the Resolution of Sexual Misconduct Complaints (APM 11-0802).
- b. The process for responding to a complaint of sexual misconduct is guided by the principles of fairness and respect for all parties. Resources are available for both students and employees, whether as Reporting Parties or Responding Parties, to provide guidance throughout the investigation and resolution of a sexual misconduct complaint.
- c. The Coordinator will oversee the initial response and assessment of reports of sexual misconduct through the College’s sexual misconduct resolution procedures. The Coordinator may determine if a full investigation of the report of sexual misconduct should be conducted. This determination is based on a variety of factors, such as the Reporting Party’s wish to pursue disciplinary action, the risk posed to any individual or the campus community by not proceeding and the nature of the allegation.
- d. If the Coordinator concludes that a full investigation is necessary, then the College may designate an investigator of its choosing. Any investigator used by the College, whether internal or external, must have specific training and experience investigating allegations of sexual misconduct.
- e. In the event that a Reporting Party does not wish to proceed with an investigation or disciplinary resolution, the Coordinator will determine, based on the available information, including information learned in the initial assessment or as part of the investigation, whether the investigation or disciplinary resolution proceedings should nonetheless be initiated or if already begun, continue. In making this determination, the College will consider, in light of the facts and circumstances of the reported matter and among other factors, such as:

- i. The seriousness and impact of the conduct;
- ii. The respective ages and roles of the Reporting Party and Responding Party;
- iii. Whether the Reporting Party is a minor under the age of 18;
- iv. Whether the Responding Party has admitted to the conduct;
- v. Whether the Responding Party has a pattern of similar conduct, including whether there have been other reports of harassment or misconduct against the Responding Party;
- vi. The extent of prior remedial methods taken with the Responding Party;
- vii. The rights of the Responding Party to receive notice and relevant information before disciplinary action is sought;
- viii. If circumstances suggest there is an increased risk of the Responding Party's committing additional acts of Prohibited Conduct;
- ix. Whether the Responding Party has a history of arrests or records indicating a history of Prohibited Conduct;
- x. Whether the Responding Party threatened further Prohibited Conduct against the Reporting Party or others;
- xi. Whether the Prohibited Conduct was committed by multiple individuals;
- xii. If the circumstances suggest there is an increased risk of future Prohibited Conduct under similar circumstances;
- xiii. Whether the Prohibited Conduct was perpetrated with a weapon;
- xiv. The existence of independent evidence;
- xv. Whether the College possesses other means to obtain relevant evidence (e.g., security cameras or personnel, physical evidence);
- xvi. Whether the Reporting Party wants to participate in an investigation or disciplinary hearing; and
- xvii. Whether the Reporting Party has requested anonymity.

**G. Other Important Information Related to Reporting of Sexual Misconduct:**

1. Prohibition Against Retaliation: The College and Title IX strictly prohibit retaliation against and intimidation of any person because he or she reported an

incident of sexual misconduct or is involved in the College's response. The College will take strong disciplinary action in response to any retaliation or intimidation, and will pursue such discipline through the applicable student conduct policy or other disciplinary process and follow the applicable time frames within such policies.

2. Amnesty for Students Who Report Sexual Misconduct: The College encourages reporting and seeks to remove any barriers to reporting by making the procedures for reporting transparent and straightforward. The College recognizes that an individual who has been drinking or using drugs at the time of the incident may be hesitant to make a report because of potential consequences for his/her own conduct. An individual who reports sexual misconduct, either as a Reporting Party or a third party witness, will not be subject to disciplinary action by the College for his/her own personal consumption of alcohol or drugs at or near the time of the incident, provided that any such violations did not and do not place the health or safety of any other person at risk. The College may, however, initiate an educational discussion or pursue other educational remedies regarding alcohol or other drugs.

3. Prevention and Bystander Intervention: The College expects all community members to be an active bystander and take reasonable and prudent actions to prevent or stop an act of sexual misconduct. Taking action may include direct intervention, calling law enforcement or seeking assistance from a person in authority. Members of the College community who intervene to prevent or stop sexual misconduct will be supported by the College and protected from retaliation. The College reminds community members to decide how to best intervene based on their own feelings of personal safety.

**H. Ongoing Training and Awareness**

**1. Awareness Prevention**

- a. In addition, the College shall take an active role in the education of the College community on the prevention of sexual assault, relationship violence, and stalking occurrences involving

students, employees, volunteers and visitors to the College. The College shall undertake the following preventive measures:

- i. Offer web-based training modules for new students and employees, as well as ongoing trainings for current students and employees on topics concerning safety, sexual harassment, sexual assault, relationship violence, stalking, drug and alcohol use and bystander intervention; options and opportunities to report sexual misconduct; and the College's grievance procedures to address complaints of misconduct.
- ii. Require student organization advisors to incorporate into the organizational activities information and discussions about prevention of sexual misconduct, bystander intervention, and related resources available.
- iii. Require athletic coaches to incorporate into the orientation for student athletes information about prevention of sexual misconduct, bystander intervention, drug and alcohol use and related resources available.
- iv. Encourage reporting of suspicious activities or persons on-campus for follow-up by campus officials.
- v. Establish a communication mechanism to inform the College community of recent reports the College has received about assaults that have occurred either on-campus or in areas adjacent to campus.

## 2. Specific Training Responsibilities

- a. In connection with its obligations under Title IX, the College will ensure appropriate training for its Coordinator, Deputy Title IX Coordinators, Campus Safety & Security, law enforcement personnel, Responsible Employees, Campus Security Authorities and others involved in responding to, investigating or adjudicating sexual misconduct.
- b. The Executive Director of Employee Relations and College Equity Officer, in consultation with the Coordinator, shall provide training that ensures Responsible Employees know how to respond appropriately to reports of sexual harassment and misconduct and understand

that they are obligated to report sexual misconduct to appropriate school officials.

- c. The Coordinator, in consultation with the Director of Security, shall ensure all persons involved in implementing the College's Sexual Misconduct grievance procedures (e.g., Deputy Title IX coordinators, security officers, others who receive complaints, investigators and adjudicators) have training or experience in handling sexual misconduct complaints and in the operation of the school's grievance procedures. The training should include information on fairness, sensitivity, proper standards of review and confidentiality.
- d. The Associate Director of Student Engagement for Student Life & Leadership in consultation with the Coordinator, shall develop and institute widespread and ongoing campus initiatives throughout the academic year. Programming must be consistent, ongoing, and repeated in many formats and forums. The goal is to share institutional policies, prevention efforts, reporting options and resources. Topics should address sexual assault, relationship violence, stalking, sexual harassment, gender-based harassment and consent.

## Resolution of Sexual Misconduct Cases

### Purpose

The purpose of this procedure is to establish the process to investigate and resolve all complaints of sexual misconduct against students at the College pursuant to applicable board rules and the Title IX/Sexual Misconduct/Relationship Violence Policy.

## Procedure

### A. General Matters

1. College Values - When the College receives notice of conduct which appears to be sexual harassment, sexual misconduct or discrimination of a student, it will promptly investigate the allegation in a fair, expeditious and equitable manner.

2. Timing of Complaints - So long as the Responding Party is a student at the College, there is no time limit to filing a complaint to engage the student conduct process. However, students are strongly encouraged to report sexual misconduct in a timely manner to maximize the College’s ability to obtain evidence, and conduct a thorough, impartial and reliable investigation. Where the Responding Party is a student in the last semester of a College program, the College may withhold that student’s College degree pending conclusion of the student conduct proceedings.

3. Emergency Actions Available to the College President - The College President, or designee, shall have the authority to take immediate action to suspend a student or an employee, or any person, accused of a sexual misconduct and prohibit his or her presence on any College- owned or controlled

property and at any College-sponsored activity, if the College President, or designee, determines that such student or employee poses an immediate threat of danger to the College community. In the case of a student, the College President, or designee, may take into consideration recommendations made by the Dean of Students. In the case of an employee, the suspension may be with or without pay, at the discretion of the College President.

4. Effect of Criminal Proceedings - The filing and processing of a complaint of sexual misconduct is independent of any criminal investigation or proceeding. The College will not wait for the conclusion of any criminal investigation or proceedings to commence its own investigation and proceedings outlined herein. Neither law enforcement's determination whether or not to prosecute a Responding Party, nor the outcome of any criminal prosecution, is determinative of whether sexual misconduct under the College policy occurred.

5. Effect of Pending Complaint on Responding Party - If the Responding Party is a current student, no notation will be placed on the Responding Party's transcript of a complaint or pending disciplinary action during the student conduct process. If the Responding Party withdraws from the College while a sexual misconduct complaint is pending, the Responding Party's transcript will reflect a withdrawal and a notation of pending disciplinary action subject to modification to reflect the outcome of the disciplinary action.

6. Amnesty - An individual who files a sexual misconduct complaint or serves as a third party witness during the student conduct process will not be subject to disciplinary action by the College for his or her own personal consumption of alcohol or drugs at or near the time of the alleged sexual misconduct, provided that such violations did not and do not place the health or safety of any other person at risk. However, the College

may initiate an educational discussion or pursue other educational remedies regarding alcohol or other drugs.

7. Advisor – The Reporting Party and Responding Party both have the right to be assisted by an advisor during the student conduct process. The Reporting Party will be offered an advisor at the time the complaint is filed and the Responding Party will be offered an advisor at the time he/she/they are notified of the complaint. An advisor serves to guide the student through the pre-hearing and hearing process and may accompany the student to any meeting with a College employee and to the hearing. The advisor is not an advocate for the student and may not direct questions to or otherwise address the Sexual Misconduct Discipline Committee Hearing but may consult with the student that he/she/they are assisting.

8. Attorneys - The Reporting Party and Responding Party have the right to consult a private attorney, at their own expense, regarding a complaint. Attorneys cannot participate in the hearing process. Attorneys may be present on campus during a hearing; however, they are required to remain outside of any hearing room.

9. Time Frames - Generally the College will attempt to complete the process within sixty (60) days. However, the time frames set forth in these procedures are meant to provide guidance and the College may alter or extend time frames, with notice to the parties, as appropriate.

## **B. College Procedures for Handling Complaints or Allegations of Sexual Harassment**

### **1. Review of Complaints of Alleged Sexual Harassment**

a. Complaints of alleged sexual harassment of a student when the Responding Party is a student and that do not involve sexual misconduct shall be reviewed by the Title IX Coordinator (hereafter "Coordinator") to determine if an investigation is required. In the event a student has been denied or had limited benefit from or participation in a College program, the Coordinator shall take Interim Protective Measures to ensure equal access to the

College's education programs and activities and protect the Reporting Party as necessary.

If the Coordinator determines to conduct an investigation, the complaint shall be investigated and resolved in accordance with the College student disciplinary procedures. In the event the Responding Party is not a student, the complaint will be forwarded to the College Equity Officer for review and investigation. In the event a student has been denied or had limited benefit from or participation in a College program, the Equity Officer shall inform the Coordinator who shall take prompt and effective action to stop a recurrence.

b. The Coordinator will attempt to complete the process within sixty (60) days.

2. Remedies-based resolution is a voluntary approach designed to eliminate a hostile environment without taking disciplinary action against a Responding Party. Where a remedies-based resolution may be appropriate, the College will take immediate and corrective action through the imposition of individual and community remedies designed to maximize the Reporting Party's access to educational, extracurricular and employment activities at the College and to eliminate a hostile environment. Other potential remedies include targeted or broad-based educational programming or training, supported direct confrontation of the Responding Party and/or indirect action by the Coordinator or the College. Additionally, the College may offer mediation for appropriate cases, but will not compel a Reporting Party to engage in mediation, to directly confront the Responding Party, or to participate in any particular form of remedies-based resolution.

3. Mediation, even if voluntary, may not be used in cases involving sexual misconduct. The decision to pursue remedies-based resolution will be made when the College has sufficient information about the nature and scope of the conduct, which may occur at any time. Participation in remedies-based resolution is voluntary, and a Reporting Party or

Responding Party can request to end remedies-based resolution and continue with an investigation at any time. The Coordinator will maintain records of all reports and conduct referred for remedies-based resolution.

### **C. College Procedures for Handling Complaints or Allegations of Sexual Misconduct:**

1. Initial Meetings with the Title IX Coordinator
  - a. Reporting Party Initial Meeting
    - i. Within five (5) days (or as soon as reasonably practical) following the filing of a sexual misconduct complaint, the Coordinator will contact the Reporting Party to schedule an initial meeting to discuss the complaint and explain avenues for formal resolution of the complaint, the steps involved in a sexual misconduct investigation, and confidentiality standards. The Coordinator will also assign the Reporting Party an advisor. (If a third party reported the complaint on behalf of the Reporting Party, the Coordinator will attempt to meet with the third party and gather information before speaking with the Reporting Party). During the initial meeting the Coordinator will also discuss, as appropriate, possible Interim Protective Measures that can be provided to the Reporting Party during the investigative and resolution processes. Interim Protective Measures may include, but are not limited to:
      - 1) Issuing no-contact orders to prevent any contact between the Reporting Party, Responding Party, witnesses, and/or third parties;
      - 2) changing campus work arrangements or schedules;
      - 3) changing academic schedules;
      - 4) providing academic support services; and/or
      - 5) providing security escorts.
    - ii. The College will honor requests made by the Reporting Party for accommodations, such as changes to academic or employment situations, if such accommodations are reasonably available, regardless of whether the Reporting Party chooses to report the crime to Campus security or local law enforcement.

- b. Responding Party Initial Meeting – Within five (5) days (or as soon as reasonably practical) following the Coordinator’s initial meeting with the Reporting Party, the Coordinator will schedule an initial meeting with the Responding Party to discuss the complaint, the College’s procedures for formal resolution of the complaint, the steps involved in a sexual misconduct investigation, confidentiality standards and requirements for non-retaliation. The Coordinator will also assign the Responding Party an advisor.
- c. The Coordinator will determine whether an investigation of the complaint should be conducted. The Coordinator will consider the following factors in determining whether it is reasonable to investigate the complaint:
  - i. The source and nature of the information;
  - ii. the seriousness of the alleged incident;
  - iii. the specificity of the information;
  - iv. the objectivity and credibility of the source of the information;
  - v. whether the individuals allegedly subjected to the sexual misconduct can be identified; and
  - vi. whether those individuals wish to pursue the matter.
- d. In the event that the Coordinator determines that an investigation of the complaint should not be conducted, the Coordinator will determine and document (in consultation, as necessary, with the Reporting Party, the Responding Party, and other College administrators) the appropriate resolution of the complaint and inform the parties.
- e. If the College knows about possible sexual misconduct of a student, the Coordinator shall promptly investigate to determine what occurred and then take appropriate steps to resolve the situation even if no complaint has been filed. Cases involving sexual misconduct shall always be referred to the Coordinator. In

the event that no complaint has been filed the Coordinator shall follow the same procedures for the formal complaints except that there will be no Reporting Party.

## 2. Investigation

- a. The College will use the following procedures to investigate alleged cases of sexual misconduct on a student:
  - i. Primary Investigator’s Activities
    - 1) The College Director of Security shall serve as the Primary Investigator for cases involving sexual misconduct. The College may contract with a qualified third party to conduct or support investigations as determined by the Coordinator. Upon receiving the complaint, the Primary Investigator will begin the investigation, taking steps such as:
      - a) Conducting separate interviews with the Reporting Party, the Responding Party, and third-party witnesses;
      - b) reviewing available files and documents; and gathering and examining other documents or evidence as appropriate.
    - 2) The Primary Investigator will complete a written investigative report of the events in question and will share this report with the Coordinator. This report shall include, at a minimum:
      - a) A statement of the allegations and issues;
      - b) the positions of the parties involved;
      - c) a summary of the evidence; and
      - d) the findings of fact.
  - ii. The Coordinator shall ensure the College conducts a prompt and equitable investigation. A typical investigation takes approximately sixty (60) calendar days following receipt of the complaint, but it may vary depending on the complexity of the investigation and the severity of the situation. If the investigation takes longer than sixty (60) days, the Coordinator will alert the Reporting Party. The Coordinator will document that notice to the Reporting Party, as well as the reasons the investigation is taking longer than sixty (60) days.

iii. The Coordinator will ensure that all employees assisting and conducting the investigations receive annual training to ensure that they have necessary credentials and experience

iv. The College shall share information received from the Reporting Party only on a need-to-know basis. The College shall not disseminate or share records with personally-identifiable information included, except as noted in this procedure, and as required by law. Further, the Reporting Party's identity will be kept confidential in any emergency notification or timely warning to the College or Campus community.

### 3. Sexual Misconduct Discipline Committee Hearing:

a. Following the investigation, the College will hold a Discipline Committee Hearing, which includes the following:

i. The Coordinator will notify the Reporting Party and Responding Party of the Discipline Committee Hearing via email, read receipt requested. The email shall direct both parties to appear at a specific time and place, not more than ten (10) business days following the date of the email. The email shall also describe briefly the alleged violation(s) and provide information on the following:

1) The Reporting Party and Responding Party are entitled to and may have one advisor with them during the Discipline Committee Hearing.

2) The College will use the "preponderance of the evidence" standard (i.e. more likely than not) in adjudicating the claims.

3) The Discipline Committee shall have no authority to compel the attendance of either party or any witness. If any party or witness fails to appear for the Discipline Committee Hearing, the hearing will be conducted in their absence.

4) If requested, or appropriate, alternative testimony options will be provided for the Discipline Committee Hearing, such as placing a privacy screen in the hearing room, or allowing the Reporting Party or any witness to testify outside of the physical presence of the Responding Party, such as by video chat or phone. While these options are intended to help make the Reporting Party or witness more comfortable, they are not intended to work to the disadvantage of the Responding Party. All requests for alternative testimony options must be received by the chairperson for the Discipline Committee (i.e. the Coordinator) at least seventy-two (72) hours prior to the Discipline Committee Hearing.

5) Each party will have the opportunity to present any relevant information during the Discipline Committee Hearing.

6) Neither party, nor their advisor, may personally question or cross-examine the other party or witness. Any questions for cross-examination must be submitted to the Discipline Committee, who shall have the sole discretion to ask or not ask a particular question as they deem appropriate.

7) The College will tape record the Discipline Committee Hearing; however, the parties and witnesses identities will not be released outside of the individuals involved in the hearing and the tape will be securely locked with the Coordinator.

ii. The Discipline Committee shall be made up from a pool of five (5) designated faculty members and the five (5) Deputy Title IX Coordinators. The Discipline Committee pool members must receive annual training on the issues related to sexual harassment, sexual assault, sexual exploitation, consent, relationship violence and stalking.

iii. The Coordinator will appoint three (3) persons from the pool to serve on the Discipline Committee and each will review the investigative report prior to the hearing.

iv. The Coordinator will serve as the chairperson for the Discipline Committee.

v. Within five (5) days following the Discipline Committee Hearing, the chairperson for the Discipline Committee will send their findings and recommended sanctions, if appropriate, to the Associate Vice President (AVP) of Student Success to review and determine what sanctions to be imposed pursuant to applicable board rules and APMs. In determining sanctions, consideration may be given to the nature of, and the circumstances surrounding the sexual misconduct, prior disciplinary violations, and/or campus safety concerns.

**Sanctions may include**, but are not limited to: training, written reprimand, suspension or expulsion from the College or termination from employment. Within five (5) days of receiving the findings and recommended sanctions, the AVP of Student Success will determine the sanctions to be imposed and send their determination to the Coordinator.

vi. The Coordinator will send by email, read receipt requested, the Reporting Party and the Responding Party the results of the Discipline Committee Hearing, any sanctions to be imposed, and the procedures for filing an appeal.

#### 4. Appeal Process

a. Within twenty (20) days following the parties receipt of the Coordinator's email detailing the Discipline Committee's final decision, the Reporting Party and the Responding Party have the opportunity to appeal the decision, as follows:

- i. The Reporting Party or Responding Party may file a written appeal to the Coordinator. The Coordinator will share the appeal with the opposing party.
- ii. The written appeal must state in detail the reason(s) for the appeal and shall address one or more of the following:
  - 1) the Discipline Committee did not review relevant evidence;
  - 2) the Discipline Committee Hearing included factual errors;

- 3) the process includes substantial procedural errors;
- 4) new evidence is available; or
- 5) the factual evidence was insufficient to support the findings.

iii. The opposing party and the investigating official may file a response to the appeal with the Coordinator within ten (10) days of receipt of the appeal.

iv. Within five (5) days of receipt of the response to the appeal or at the elapse of the opposing party's ten (10) days, the Coordinator will ensemble the information from the Discipline Committee Hearing, and provide the entire appeal file to the Vice President (VP) of Student Services.

v. Within ten (10) days of receipt of the appeal file, the VP of Student Services will review the record and render final decision.

vi. The VP of Student Services will simultaneously send the Reporting Party and Responding Party the final decisions by email, read receipt requested.

## **Alcohol/ Drug Related Crimes**

## Drug Education Policy

FSCJ is committed to providing an environment that enhances and supports student success. The academic community, including faculty, administrators, staff and students, have the collective responsibility to ensure that this environment is conducive to the student's development. The illegal use of harmful and addictive chemical substances poses a threat to the educational environment. Thus, in accordance with the Drug Free Schools and Communication Act Amendments of 1989, signed by President George H. W. Bush, it is necessary to inform the College community of the harmful and addictive potential associated with the use of drugs, the incompatibility of illegal drugs with the educational mission of FSCJ and the consequences of the use, possession, manufacture or sale of such drugs. FSCJ District Board of Trustees rules outline the accepted code of conduct for students and employees.

The code, as documented in the student handbook and the College catalog, includes the following: Any act or behavior on the part of the student which tends to interfere with or otherwise disturb the orderly conduct, processes, functions and/ or interests of the College is prohibited. Such acts or behaviors may include but are not limited to the consumption of alcoholic beverages on campus or at a College function, illegal use or possession of drugs or narcotics on campus or at a College function. The College reserves the right to suspend, terminate or retroactively cancel the enrollment of any student for disciplinary reasons. The College may also make a referral to legal authorities for appropriate action. A complete set of charts outlining the penalties for federal drug trafficking and the controlled substances involved are maintained on each campus.

As a public institution whose mission is to foster human potential, FSCJ believes it is important to understand the health risks and other detrimental consequences associated with drug and alcohol abuse. FSCJ has partnered with Corporate Care Works (CCW) to provide Student Assistance Program services, a resource to assist with drug education. CCW provides support through in-person counseling, 24/7 telephonic support, and connection to community resources.

Online services providing numerous articles and informative sources regarding drug education are also available. Log in through [fscjsap.com](http://fscjsap.com) and enter FSCJ as the company name to register. These confidential services are free to students of FSCJ.
